Lone Nut

Be public. Be easy
to follow!

First Follower?

When you find a lone nut doing something great,
have the guts to be the first person to stand up
and join in.

The Flint that starts the fire!

And turns the lone nut into a leader!

Second Follower?

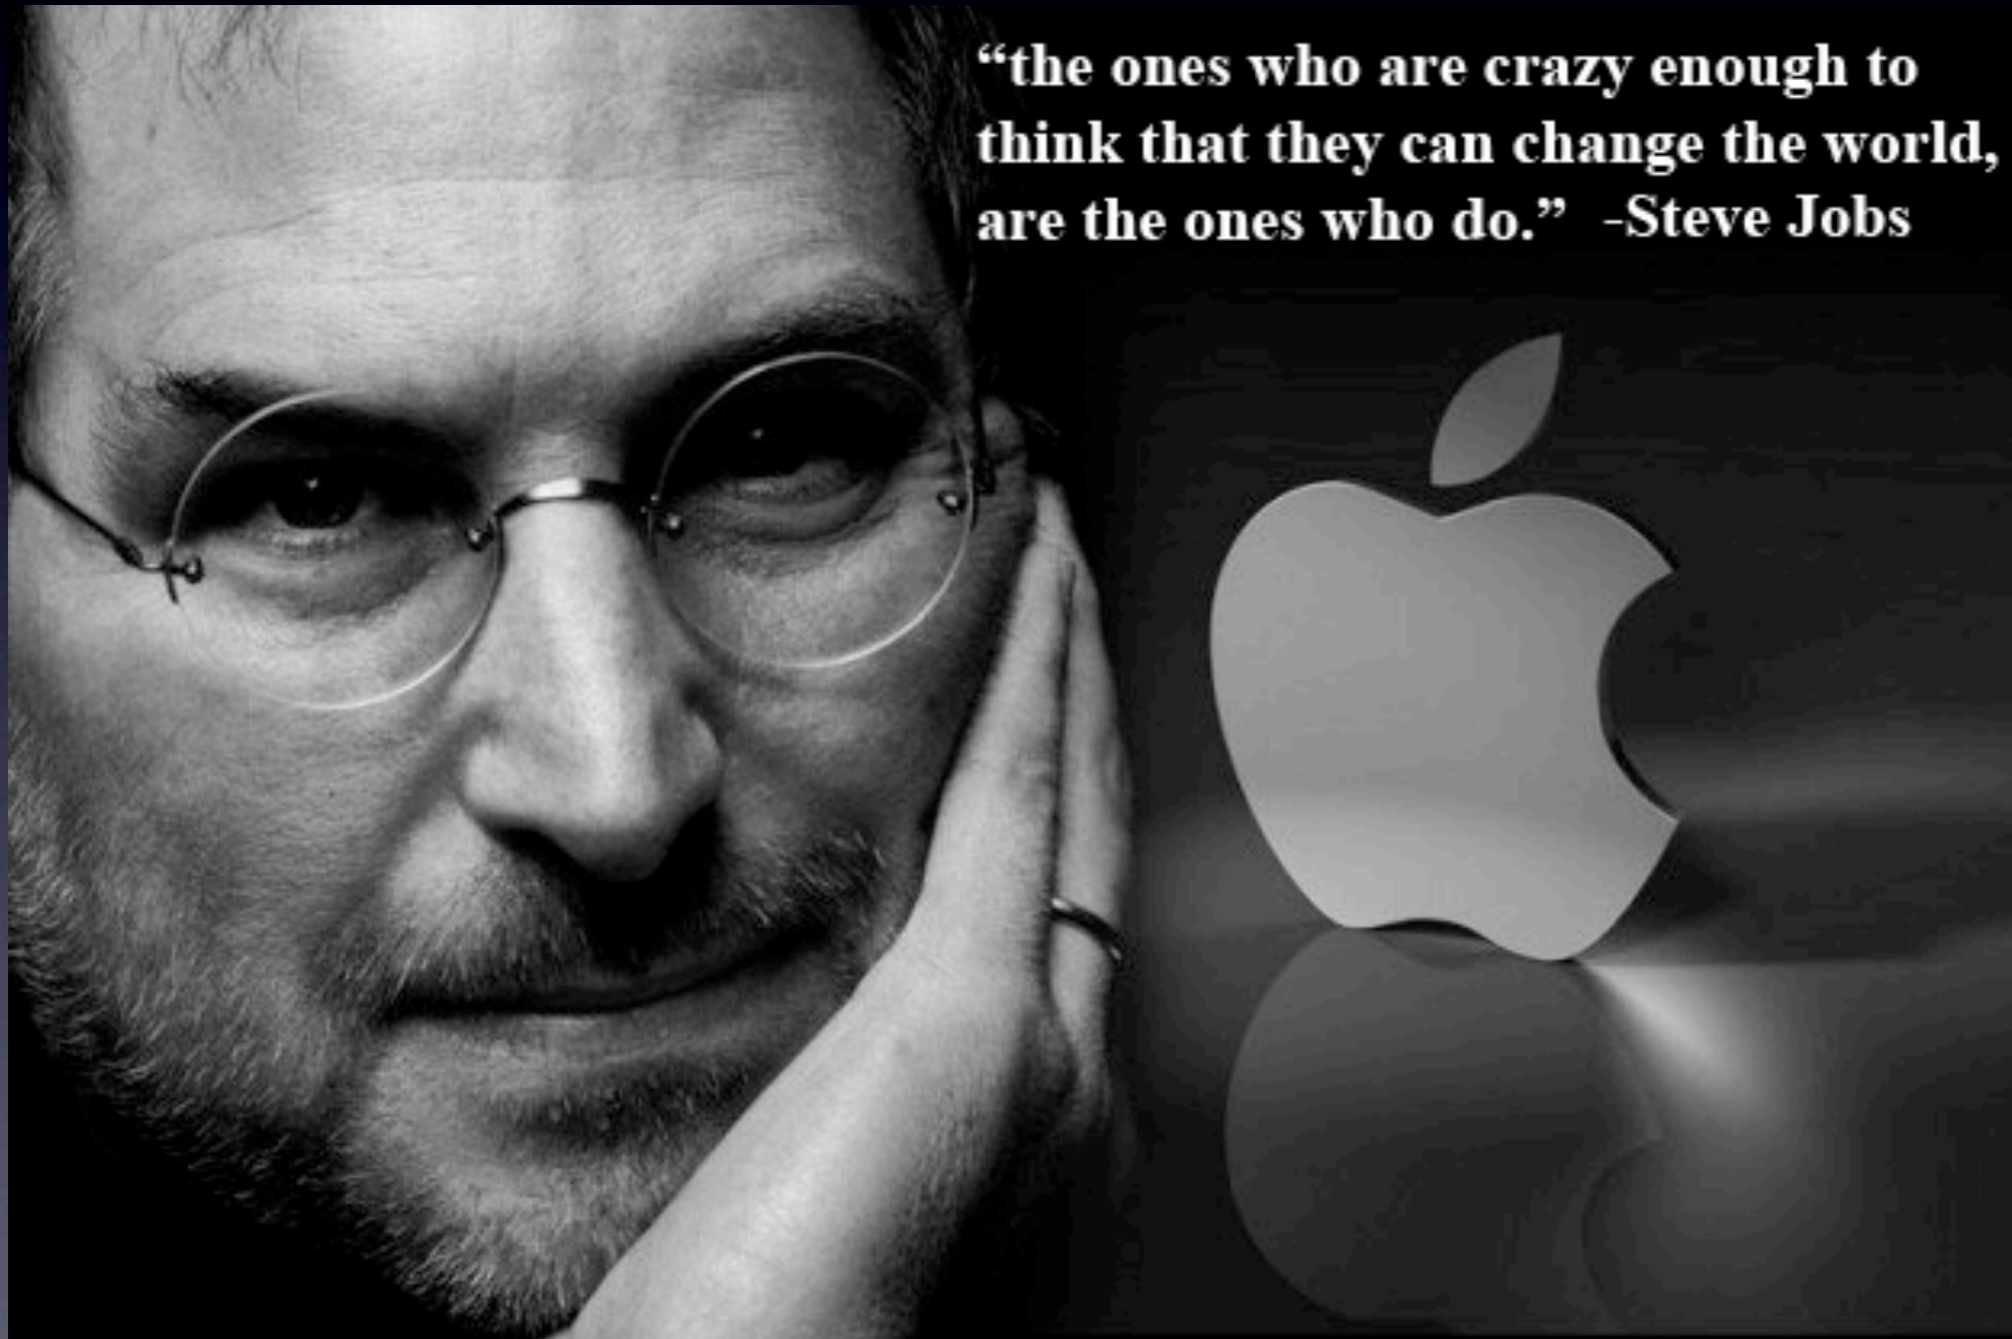

The second follower is a turning point: it's proof the first has done well.

Three is a crowd and
a crowd is news!

Now we've got a
movement!

Who is going to be the lone nut?
The Second Follower?
The Third Follower?

What will be your legacy?

Thank you!
